**DECLARATION OF TIMOTHY J. MACFALL IN SUPPORT OF PLAINTIFFS'  
MOTION FOR ENTRY OF THE PROPOSED CLASS DISTRIBUTION ORDER**

I, Timothy J. MacFall, declare under the penalties of perjury as follows:

1. I am Of Counsel to Bernstein Liebhard & Lifshitz, LLP, Lead Counsel for Plaintiffs in this consolidated class action. I submit this Declaration in support of Plaintiffs' motion for the entry of the Proposed Class Distribution Order (the "Proposed Order") (annexed hereto as Exhibit 1) in the above-captioned litigation (the "Action") pursuant to the terms of the Stipulation and Agreement of Settlement, dated January 20, 2004 (the "Stipulation").

2. Annexed hereto as Exhibit 2 is the affidavit of Jack R. DiGiovanni (the "DiGiovanni Affidavit"), Director of Operations of The Garden City Group, Inc. (the "Claims Administrator"), executed on July 15, 2005. As set forth in the DiGiovanni Affidavit, the Claims Administrator has processed all the claims it received in connection with the Settlement of the Action, and is prepared to distribute the Net Settlement Fund to eligible claimants. A printout of all claims received by the Claims Administrator is annexed as Exhibit B to the DiGiovanni Affidavit. The printout has been divided into three categories: (i) all timely and valid claims; (ii) all late, but otherwise valid claims; and (iii) all ineligible claims. The invoice for all outstanding

fees and unreimbursed expenses incurred by the Claims Administrator in connection with administration of the Settlement is annexed as Exhibit C to the DiGiovanni Affidavit.

3. By entry of the Proposed Order, the Court: (a) approves the administrative determinations of the Claims Administrator accepting and rejecting claims submitted herein; (b) directs payment of \$70,931.38 out of the Settlement Fund to the Claims Administrator for its fees and unreimbursed expenses in connection with the administration of the Settlement, including its estimated fees and costs for distribution of the Net Settlement proceeds to Authorized Claimants; (c) directs distribution of the Net Settlement Fund, after deduction of the payments requested herein to Class Members whose Proofs of Claim have been accepted; (D) authorizes destruction of paper copies of Proof of Claim forms one year after distribution of the Net Settlement Fund, and authorizes destruction of electronic copies of claim records three years after distribution of the Net Settlement Fund; and (e) authorizes and directs re-distribution of any monies remaining in the Net Settlement Fund by reason of returned or uncashed checks or otherwise, if any such money remains one year after the initial distribution, and after appropriate efforts have been made to locate and distribute funds to eligible claimants who did not cash their distribution checks, provided that they would receive at least \$10.00 on such re-distribution, based on recognized claims, after payment of any unpaid costs or fees incurred in administering the Net Settlement Fund for such re-distribution.

3. Accordingly, Plaintiffs respectfully request that the Court enter the Proposed Order to, inter alia, permit the Claims Administrator to distribute the Net Settlement Fund to

eligible claimants.

I declare under the penalty of perjury that the foregoing is true and accurate.

Executed on this 21st day of July 2005, at New York, New York.

Dated: July 25, 2005

CLASS ACTION

**AFFIDAVIT OF JACK R. DIGIOVANNI**

STATE OF NEW YORK )  
 ) ss.:  
COUNTY OF SUFFOLK )

Jack R. DiGiovanni, being duly sworn, deposes and says:

1. I am a Director of Securities Operations for The Garden City Group, Inc. ("GCG"), which was retained as Claims Administrator in connection with the settlement of the above-captioned litigation (the "Litigation"). I have personal knowledge of the facts stated herein.

**DISSEMINATION OF NOTICE AND PROOF OF CLAIM AND RELEASE**

2. A settlement of this Litigation with NCI Building Systems, Inc (the "Settlement") for seven million dollars (\$7,000,000) in cash (the "Settlement Fund") was proposed pursuant to the Stipulation and Agreement of Settlement, dated January 20, 2004 (the "Stipulation"). This Court entered a Preliminary Approval Order dated February 26, 2004 (the "Notice Order"), preliminarily approving the Settlement and directing that notice of the terms of the Settlement be given to the members of the Class. As more fully described in the Mailing Affidavit of Jack DiGiovanni dated May 26, 2004, previously filed herein, GCG distributed the Court-approved

Notice of Pendency and Settlement of Class Action, Hearing on Proposed Settlement and Attorneys' Fee Petition and Right to Share in Settlement Fund (the "Notice") and Proof of Claim and Release (the "Proof of Claim") (collectively referred to herein as the "Claim Packet") to potential members of the Class commencing on March 5, 2004. Pursuant to the Notice Order, GCG Communications, the media division of GCG, published the Summary Notice of Pendency of Class Action, Proposed Settlement Thereof and Fairness Hearing for distribution in The Wall Street Journal on March 8, 2004. As scheduled in the Notice Order, a hearing was held on June 10, 2004, to consider the parties' request for final approval of the Settlement. By Final Order and Judgment of Dismissal with Prejudice, entered June 14, 2004, this Court approved the Settlement as fair, reasonable and adequate.

#### **PROCEDURES FOLLOWED IN PROCESSING CLAIMS**

3. Under the terms of the Settlement, Class members were required to submit a Proof of Claim in order to obtain their share of the Net Settlement Fund (the \$7 million cash fund, plus interest earned on the Settlement Fund, less: (i) taxes payable on such interest; and (ii) all attorneys' fees and expenses, including administration fees and expenses, awarded by this Court).

4. GCG undertook the following tasks in order to prepare to process the Proofs of Claim: conferred with Plaintiffs' Lead Counsel to define the project and guidelines for claims processing; trained staff in the specifics of the project; and developed programs for entry of the Class members' identifications and their transaction information.

5. Class members seeking to share in the Net Settlement Fund were directed in the Notice to submit their Proofs of Claim to a post office box specifically designated for this Settlement. GCG sorted incoming mail into Proof of Claim forms and administrative mail.

Administrative mail includes all mail other than Proofs of Claim and supporting documentation and responses to deficiency letters, such as requests for claim forms, requests for change of address, questions regarding the administration process, or status of the administration. Claim Packets that were returned by the Post Office as undeliverable were reviewed for better addresses and, where available, new addresses were entered into the database and new Claim Packets were mailed to the updated addresses. Administrative mail was reviewed and appropriate responses given.

6. The Proof of Claim forms were opened and scanned into a database along with all submitted documentation. If the Proof of Claim form did not have a pre-assigned claim number, it was assigned one. The information from each claim form, including the name, address, Taxpayer I.D. or Social Security Number of the Claimant, and the purchase and sale transactions listed on the claim were then entered into a computerized database. The documentation provided in support of each claim by the Claimant was reviewed to ascertain whether the Claimant had in fact purchased NCI Building common stock between August 25, 1999, through April 12, 2001, inclusive (the "Class Period"). Claims were then reviewed to be sure they were not from Defendants, the officers and directors of the Company, members of their immediate families and their representatives, heirs, successors or assigns, and any entity in which any Defendant has a controlling interest to the extent that the identities of such persons or entities are known to us through the list of Defendants and through the Claimant's certification on the Proof of Claim form.

7. GCG established internal claim codes to identify and classify types of claims and conditions that exist within the claims. Where a submitted claim lacked the required filing information or documentation to substantiate the Class member's transactions during the Class Period, or was otherwise ineligible, in whole or in part, a Notice of Deficiency was sent to the

Claimant advising him or her of the deficiency and requesting the submission of the appropriate documentary evidence to correct the defect.

8. Where a deficiency letter was sent, each Claimant was notified that unless the deficiency was corrected within twenty (20) days, his, her or its claim would be accepted only to the extent of the documentation supplied, or that the claim would be entirely rejected if they had not supplied the required documentation or filing information for any transactions, or the claim was otherwise deficient. Documentation received in response to these letters was carefully reviewed and evaluated. If the response corrected the deficiency, the database was updated to reflect the changes in the claim.

9. If the response did not cure the defect or the Claimant did not provide the necessary information within the deadline, a Final Letter of Rejection was sent to the Claimant giving him or her a final opportunity to cure the deficiency. The Final Letter of Rejection advised Claimants (i) that their Proof of Claim was still deficient, (ii) of what was needed to cure the defect and, (iii) that if the deficiency was not cured the claim or portions of the claim that remained deficient would be rejected.

10. Claimants who submitted claims after the first mailing of Notices of Deficiency and were subsequently deemed to have deficient claims were sent a Final Notice of Disposition advising them (i) that their Proof of Claim was deficient, (ii) of what was needed to cure the defect and, (iii) that if the deficiency was not cured the claim or portions of the claim that remained deficient would be rejected.

11. Claimants who submitted claims that were ineligible to participate in the Net Settlement Fund in whole or in part (for example, where their Proof of Claim showed that they had suffered no Recognized Loss according to the Plan of Allocation) were sent a Final Notice of

Ineligibility. Claimants who submitted duplicate Proofs of Claim were also sent a Final Notice of Ineligibility rejecting the duplicate claims.

12. All Claimants who were mailed a Final Letter of Rejection, a Final Notice of Disposition or a Final Notice of Ineligibility were advised of their right to have this Court review GCG's administrative determination. The letters stated that the Claimant could request this Court's review of the claim by filing a written request setting forth the reasons why they believe that the claim was adequately submitted. No Claimant has requested this Court's review of the rejection or determination of ineligibility of his, her or its claim. Attached hereto as Exhibit "A" is a copy of the Notice of Deficiency, the Final Letter of Rejection, the Final Notice of Disposition and the Final Notice of Ineligibility used to notify Claimants of the deficiency in their claims or the ineligibility of their claims.

13. After all responses were received and evaluated and claims updated, GCG staff again called Claimants with still deficient claims to provide them a final opportunity to fix their claim. If a response to the telephone call cured the deficiency, the database was updated to reflect the change.

14. Recognized Loss amounts were calculated for claims that were properly filed and supported with adequate documentary evidence. The approved Plan of Allocation is stated in Section VII on page 4 of the Notice, entitled Plan of Allocation.

15. A total of 1,438 persons or entities have filed claims herein, 1,384 timely and 54 after September 7, 2004, of which a total of 796 have been accepted. All eligible claims whether timely filed or late are included in the list of Authorized Claimants, for this Court's review.

16. A total of 642 claims were rejected in whole for the following reasons:

<b>No. of Claims</b>	<b><u>Reason for Rejection</u></b>
----------------------	------------------------------------

187	Claim Did Not Fit the Definition of the Class
15	Duplicate Claim
142	Deficient Claim Never Cured
298	Claim Did Not Result in a Recognized Loss

17. Unless directed otherwise, GCG will continue to receive, review and process any correspondence or information submitted by claimants with respect to their already-filed Proof of Claim and Release. Should we receive adjustments to Proofs of Claim prior to distribution of the Net Settlement Fund, we will update our claims database with the new information. GCG will then report the updated totals to Lead Counsel immediately prior to distribution.

18. An integral part of all of the claims administration process is the Quality Assurance review. Once all of the claims have been processed, the Notice of Deficiency, the Final Letter of Rejection and the Final Notice of Ineligibility letters have been mailed and deficiency responses reviewed and processed, GCG's Quality Assurance unit performs a final project wrap-up in order to ensure correctness and completeness of all of the claims processed prior to preparing our final reports to counsel. Here, in connection with this Quality Assurance process GCG: checked that all otherwise "valid" claims that do not have proper Social Security/Tax Identification Numbers were given a "message" flagging the computer system to denote that condition; determined that valid claims have no messages denoting ineligibility; determined that claims that are ineligible have messages denoting ineligibility; determined that claims that contained purchases that occurred outside of the Class Period contain appropriate ineligible messages; determined that claim detail (transaction) message(s) appear(s) only on claim detail records; determined that all claims requiring a Notice of Deficiency, a Final Letter of Rejection, a Final Notice of Disposition and/or a Final Notice of Ineligibility letter were sent

such letters; performed a sample review of deficient claims; reviewed claims with large dollar losses; sampled claims that were determined to be ineligible, including those with no Recognized Loss calculated in accordance with the Recognized Loss Formula, in order to verify that all transactions had been captured correctly; and tested the accuracy of the calculation program.

19. In support of the work described above, GCG's computer staff designed, implemented and tested the following programs for this administration: data entry screens which store claim information including all transactional data included on each Proof of Claim, as well as attach message codes and, where necessary, text to denote conditions existing within the claim; programs to load and analyze transactional data submitted electronically for all electronically filed claims (the load program converts the data submitted into the format required by the calculation program; the analysis program determines if the data is consistent and complete and triggers a response to the electronic filer where appropriate); a calculation program to analyze the transactional data for all claims, and calculate the Recognized Loss based on the Plan of Allocation; programs to generate various reports throughout, and at the conclusion of, the administration, including lists of all eligible and ineligible claims; and check writing programs which calculate each eligible claimants award amount by determining the proration factor for the Class and applying it against the Recognized Loss as calculated above.

20. GCG has accepted 796 claims representing a total Recognized Loss of \$24,019,057.39 (including \$22,395,955.53 from the 778 timely claims and \$1,623,101.86 from the 18 claims submitted after September 7, 2004).

21. Submitted herewith as Exhibit "B" is a computer printout listing all the claims filed herein. The first portion of the printout alphabetically lists all the timely filed Authorized Claimants and shows their Recognized Loss amounts, followed by an alphabetical list of

accepted Claimants submitted after September 7, 2004 showing their Recognized Loss amounts. The next portion of the printout alphabetically lists all the rejected or ineligible Claimants and shows the reason why their claims were rejected.

22. GCG has spent the time necessary to do a thorough job of processing the claims and to protect the interests of the Class as a whole. No claims were rejected out-of-hand and adequate time was spent communicating with Class members and suggesting appropriate ways they could document their claims and participate in the settlement. Telephone calls and written letters from Claimants to GCG were courteously handled. Class members were assisted to the fullest extent possible.

23. If the Court grants this motion, the GCG staff will undertake the following tasks: calculate the pro rata distribution amounts from the Net Settlement Fund by comparing the Authorized Claimants' total Recognized Loss with the total dollar value of the Net Settlement Fund at the time of distribution; prepare checks and check registers, and mail checks by prepaid first class mail; issue replacement checks upon request by payee; and, answer inquiries about claim calculation and checks. If there is any balance remaining in the Net Settlement Fund, GCG will reallocate the remaining balance, if any, of the Net Settlement Fund according to the terms of the Stipulation and as the Court orders.

#### **FEES AND DISBURSEMENTS**

24. GCG's invoices reflect fees and expenses incurred and to be incurred are annexed hereto as Exhibit "C". GCG has not received any payment on account from the Settlement Fund. Accordingly, there is a balance due of \$70,931.38 payable to GCG.

**RECORDS RETENTION AND DESTRUCTION**

25. Unless otherwise ordered by the Court, GCG will destroy the paper copies of the Proofs of Claim and all supporting documentation, and three years after distribution of the Net Settlement Fund it will destroy electronic copies of the same.
